- 1) You are correct, the radio scanner would not be of any assistance to them because disturbance calls are not broadcast over the radio. Do you have contact information for the Braewood resident so I can direct them to request a deputy to respond to their residence prior to responding to the Winston address?
- 2) We do have a lead on one of the burgs, we have some surveillance video and it is currently assigned to Detective Cardella for investigation. The second burg was to a storage trailer and we have no leads at this time.

Thanks, Jess. Two items:

- 1) Regarding 706 Winston's noise violations – Councilmember Barakat chatted with the complaining party on Braewood. The complaining party and Barakat both think that the Winston property might have a scanner, which they attribute to them always turning down the noise before deputies arrive. From these types of calls though, I don't believe they are broadcast over the radio, right? Anyhow, there has been discussion about deputies responding to the complainants house on Braewood next time to hear the music through their property/backyard.
- 2) Regarding the recent burgs in the Estates, has there been any resolution or are the leads pretty weak?

Thanks,
Kevin
